D@ngerous Waters

Well, I have nothing interesting to offer you this month, so I will turn over the narrative to my dear friend Mr. Bickles, the little squirrel monkey that lives inside my esophagus. The therapist said it would be good for me to let him out every once in a while, as long as I keep him away from wild rice and books beginning with the letter 'c.' He has been quite busy lately playing all of the newest games, one of which was actually a pleasant surprise. For those of you who haven't traded in your Saturn for PlayStation games, Nintendo controllers or a Cream-of-Wheat sandwich, check out Steep Slope Sliders. Yes, it is true, Sega can still put out quality games. Unfortunately, they've waited until the Saturn has been all but abandoned to do so. But honestly, Steep Slope Sliders is probably the most enjoyable game on the Saturn since Virtua Cop. It has all the excitement of Coolboarders 1 and 2 without the learning curve, not to say that a game with a challenging learning curve isn't fun, but just pop in SSS and you're having a blast right away. Maybe I'm overreacting. Alright, at the very least Steep Slope Sliders is fun to say out loud. Go ahead, turn to the person beside you right now and say it, SAY IT NOW!!! By the way, the CodeBoy does not suggest pharmaceutical testing as a career.

Truly the most fulfilling part of this newsletter is this very section— finding new ways to describe a pile of cotton, random strings, and some dye. When is it normal for your hair to fall out anyway? Here is a brief history of this space-filling, unused column.The GameShark T-shirt Section was first conceived in the 1800's, however it was then titled "GameSharke T-shirte Sectione" due to a slight overpopulation of the letter "e." Later, during the Wheezing 30's, the GameShark T-shirt Section was used to warn members of the International Walrus League of their own existence. Today, the GameShark T-shirt Section is used as a therapeutic writing forum for me and all of my alter-egos. My sincerest apologies to anyone still reading at this point. By the way, buy a GameShark T-shirt, they're snappy. Send a $12.00 check or money order to: InterAct Accessories, Inc. ATTN: SNIFTER, 9611 Pulaski Park Drive, Suite #309, Baltimore, MD 21220. If you squint your eyes and cough you'll look silly. We cover the shipping charges.

LëtTÉrš

Dear CodeBoy,
I know 2nd or 3rd party fellows won't help with any new games, thus no new codes. So for all of us minority gamers, quit bitch'n about CodeBoy not giving us many codes. Rage on CodeBoy.
Send me a T-shirt. I'll send you a phone card. Phone home CodeBoy!
PS: You got any codes for an old Saturn game called Black Dawn?

Bruce Slaughter

Dear Bruce,
Send me a phone booth and I'll send you an iron lung. Thanks for the phone card (see photo above)—Tell your mom I'll see her soon.

Dear CodeBoy,
I have this dog that plays videogames. He always beats me at Tekken2, he's already completed Punky Skunk, now he's kicking my ass in WCW Nitro! What should I do? Can you please help me? I must exact revenge upon this mutt.

D. Ullmann

Dear Dullmann,
You can do one of two things, or both as a matter of fact.
1. Get your dog neutered. That should put a stop to that "machismo" he constantly exhibits.
2. Put him to sleep. Let's see him perform the Diamond Cutter then!

Dear CodeBoy,
My name is Tim. I was wondering if it's possible for you to send me a PlayStation GameShark and a Barracuda Dual Analog Controller. I saw you in Baltimore feeding the poor and giving a homeless man shelter on Christmas Eve. Since you're such a benevolent soul will you take pity on my predicament and help me?

See, I work as a investment banker on Wall Street and I was just promoted to VP of Business Development. I just purchased a new Rolls Royce, plus I built a quaint chateau in the Swiss Alps. I only go there when I want to get away from all the hustle and bustle of New York. As it turns out, I don't have enough money to buy your products. I'm stuck on Resident Evil 2 and I read that your Barracuda is the best Dual Analog controller out there. I've got to have one! I can't wait another two weeks for my paycheck or my stock options bonus check to arrive, I need your stuff now!
So CodeBoy, please find it in your heart to help me. Send me these two products. I, and the Man Upstairs, would be so greatful. May you be blessed.

Tim Patterson

Dear Tim,
How dare you suggest CodeBoy would do such a thing. I would never feed the poor anything! No GameShark for you!!! And the homeless guy was your father!
